

# SPORT

There was splendid weather yesterday for practice, but Bridge Park didn't attract the necessary number of W. A. C. players for a proper practice. The boys should turn out every afternoon in goodly squads. When only a few show up, not much except punting can be indulged in. It may be that all of them can't spare the time, but if a certain hour was set and they got there on time less than 30 minutes practice would be sufficient. The season is approaching its climax and the W. A. C. should make every provision for establishing a top-notch reputation on the gridiron.

It is likely Pittsburgh college will be taken on for the Thanksgiving game here with W. A. C. The collegians have improved their form every game, their last effort being a tie with V. V. U. It behooves the W. A. C.'s to practice hard for this game, and for that purpose the club quarters when available, will be just the thing in rainy days.

The public is cordially invited to the Bridge Park Saturday afternoon, when two opposing elevens of W. A. C. material will play a practice game. As it costs nothing, there should be a large attendance, and the game will be interesting and warmly contested.

The game between the West Virginia University and Washington and Lee yesterday, at Charleston, was a one-sided affair. The former won without much difficulty, the score, 4 to 0. The Washington and Lee boys were outclassed in weight and science.

Ernest G. Smith, of Martin's Ferry, will be one of the officials at the football game to-day at Athens, between the University of West Virginia and the Ohio University and the University of West Virginia and the Lee University, at Parkersburg, to-morrow.

## BOWLING.

### WHEELING LEAGUE.

	Won.	Lost.	Per.
Auroras	11	1	.917
Idlers	10	2	.833
Compositon	7	5	.583
Pirates	5	7	.417
The Howlers	4	8	.333
Ever Glories	3	9	.250
Tidal Waves	2	10	.167
Defenders	1	11	.083
Old Cronies	0	12	.000
Aber-NIT	0	13	.000

In the Wheeling league the Pirates took three straight from the tallender Aber-NIT. Both teams were thoroughly satisfied with the result. When Aber-NIT lost three hand-running, they feel just as any other team feels when it is fortunate enough to win all its games. Only once this season has Aber-NIT poked itself into the "won" column, the boys really thought they hadn't won. It was their only offense and is not likely to occur again. Score:

three days within which to submit through the proper officer to the department a defense in writing, failure to do which will be held to be a waiver of defense.

## ENGLAND'S NEW CABLE

To the West Indies—Will Depend on the United States No More.

NEW YORK, Nov. 4.—A special cable dispatch from London to the Evening Post says:

"To-day's issue of shares and debentures by the direct West Indian Cable Company (Ltd.) marks the beginning of the end of England's dependence upon the United States for cable connection with the West Indies. But for President Cleveland's Venezuelan war message England would probably have been quite content to continue to depend upon the United States lines via Florida and Cuba, but directly the officials here realized the possibility of a war with the United States, and the consequent isolation of the West Indian colonies, she set about the negotiations, which after a long hard fight with rival United States telegraph interests, resulted in an imperial subsidy of \$40,000 yearly for twenty years to the British Canadian companies who own the Halifax-Bermuda cable for its extension from Bermuda to Jamaica, and ultimately to other leading West Indian islands and South America.

The cable will be completed by the first week of February next. As showing the spirit of the new enterprise, it may be said that of to-day's issue of \$300,000 in shares and \$200,000 in four and one-half per cent debentures, more than two-thirds were subscribed privately before the issue was offered to the public.

A similar imperial undertaking, the Pacific cable project, is still a subject of departmental inquiry. The Canadian proposal for a cable to Australasia from Vancouver has now been supplemented by a rival project to connect Australasia with England via Cape Colony without touching foreign territory.

## Steamship Line to Klondike.

PHILADELPHIA, Pa., Nov. 4.—The first line of first class steamships to the Klondike has been organized in this city, with Charles H. Cramp, of the shipbuilding firm of that name, as president. There will be five vessels in all, and the first will start in April next, clearing from New York or Philadelphia, and stopping at San Francisco, Seattle and Tacoma. Each of these ships will accommodate about four hundred first class passengers and several hundred second class. They will make connections with railroads on the Pacific and with transportation boats in the gold region. These vessels will arrive in Alaska at the opening of navigation on the Yukon and will continue to give weekly service between the Pacific ports and the Klondike. Each vessel will carry 2,000 tons of freight. The new company has offices in New York, Philadelphia and Chicago and is about to open offices in San Francisco, Seattle and Tacoma.

## Mrs. Carre's Position.

BUFFALO, N. Y., Nov. 4.—Miss Frances E. Willard, president of the World's and National W. C. T. U., this evening gave to the Associated Press the following:

The statement that Mrs. M. B. Carre will henceforth have nothing more to do with the Temple is as absurd as it is untrue.

Miss Cornelia M. Dow will have charge only of the fund which I am trying to raise toward the \$300,000 to retire the Temple trust bonds. Mrs. Carre is president of the board of trustees as formerly, and the national convention, by a strong resolution, expressed appreciation of her heroic efforts and its confidence in her management.

## Francis E. Willard.

DEMING, N. M., Nov. 4.—The winter residence of Otto Mergenthaler, the inventor of the Linotype typesetting machine, was totally destroyed by fire to-day. Mr. Mergenthaler lost all his personal property and many valuable papers, including the drawings for a new typesetting machine.

## Charter Revoked.

HARRISBURG, Pa., Nov. 4.—The Dauphin county court to-day revoked the charter of the World's Mutual Benefit Association of Wheeling, W. Va., on motion of Attorney General McCormick.

## AMUSEMENTS.

Eleven performances in one week is the answer to the question as to how profit becomes possible to the Thomas D. Van Osten Three Star Comedy Company at the absurdly low admission prices of 10, 20 and 30 cents.

The practicability of such a scheme of prices in conjunction with no large and expensive organization will be demonstrated at the opera house next week, but at first blush, to the unskilled it would seem that profit under the circumstances was a forlorn hope. In the first place the Miss Philadelphia ladies' orchestra is in point of numbers as large as the usual traveling comedy company, and the only duty of these ladies is to furnish the music. In the next place, there are three notably high salaried stars—Miss Inez Mauser, late of the Grand Opera, and Miss Loretta Miller.

What pay does a hard-working mother of a family receive for her labor at the end of a week? The husband may bring home his regular wages. Some of the children, even may be old enough to earn their own money. But the mother, what is her pay for her days of toil and nights of anxiety? Well, she is either paid in love or she isn't paid at all.

The majority of mothers are perfectly satisfied with the simple recompense of loving appreciation. If any mother doesn't receive that much, it's an awful pity.

It's a sad thing when the mother comes down sick with overwork or worry, or because some little weakness or disease has been neglected until it gets to be alarming. It should never be allowed to get to this point. She ought to be looked after right away. She needs the help of common sense medical treatment. Of course no one medicine will cure everything. A medicine must be specially adapted to its particular case.

If the digestive organs or the liver are out of order, Dr. Pierce's Golden Medical Discovery is a perfect and scientific remedy. His "Favorite Prescription" is specially devised for weaknesses and diseases of the womanly organs; and it is the most potent remedy for these troubles which has ever been invented.

Where both these conditions exist these two medicines taken alternately constitute a thoroughly scientific course of treatment, which has been marvelously successful with thousands of dyspeptic, debilitated and nervous women.

"I take great pleasure in recommending Dr. Pierce's Favorite Prescription," Golden Medical Discovery, and Pellets," writes Mrs. J. E. Lawrence, South Hero, Grand Isle Co., Vt. "I took eight bottles of Dr. Pierce's Favorite Prescription, seven bottles of 'Golden Medical Discovery' and seven small boxes of 'Pellets.' The cure was complete and I feel like a new woman. I suffered everything before I began to take Dr. Pierce's medicines. When I began to take them I weighed 145 pounds. Now I weigh 115 pounds. I can now do all my work."

Fifty Years Ago.

No theory of germs to chill  
Affection's budding blisses;  
When ardent lovers took their fill,  
No microbes on their kisses.  
Now happy they were not to know  
The germ-lad—50 years ago.

## Ayer's Cherry Pectoral

is the standard family remedy for the world for colds, coughs and lung diseases. It is not a palliative, and is not therefore put up in small cheap bottles. It is put up in large bottles for the household. They cost more but cure more.

Fads come and go but no theory or fad can overthrow the fact, that the greatest cure for all colds, coughs and throat and lung diseases, is Ayer's Cherry Pectoral.

## 50 Years of Cures.

prima donna of Van Osten's Miss Philadelphia company; Mr. Robert Wayne, a romantic actor who has acquired an enviable reputation as a star, and clever Ida Russell, whose dashing abandon in herishen parts makes it impossible to forget her. Well, all this is more speculation. There will be eleven performances, and matinees will be given every day beginning Tuesday. The repertory will include Dorcas, Galatea, Forgiven, Inherited, The Burglar, Miss Harum Scaram, The Clipper, and other pieces, the names of which will be announced later, and the prices will be 10, 20 and 30 cents. No higher.

## A LAUGHING SUCCESS.

"The Strange Adventures of Miss Brown" opened a half week's engagement at the Grand opera house last night, and kept a large audience in a continual roar. The piece is similar in some respects to "Charley's Aunt," abounding in the most ridiculous complications imaginable, resulting from a young military officer masquerading in female attire in a young ladies' seminary. It has a plot which is interesting but not burdensome. The company is composed of clever comedians and pretty girls. The musical specialties by Will Rising and Miss Scott were well received. Miss Brown will continue to be the attraction at the Grand during the remainder of the week, and should have crowded houses.

## MARTIN'S FERRY.

Haps and Menaps in the Thriving City Across the River.

W. R. Brown, of Cincinnati, who furnished the plans for the Martin's Ferry Presbyterian church, has been selected as the architect for the Methodist church to be erected at Portland, Ind., at a cost of \$40,000, and which will be the finest and most modern church in northern Indiana. There were fifteen competing architects.

## MASONS ELECT OFFICERS.

The Martin's Ferry Masons have elected the following officers: Humphrey Williams, W. M.; Dr. J. W. Darrah, S. W.; John B. Farnell, Jr., J. W.; Dr. J. W. Parr, Sr., D.; John Hukill, Jr., D.; Theo. Snodgrass, secretary; S. Hipkins, treasurer; James Miskell, tyler.

## SALE OF PROPERTY.

Mrs. Mary Johnson sold her property, corner Avondale and Main streets, Burkle's addition, at \$1,800, to John D. Bush, who will move the frame house to the rear of the lot and erect a two story brick business and dwelling house.

## GOING TO ST. CLAIRSVILLE.

A number of Knights of Pythias will go to St. Clairsville this evening to assist in organizing a temple of the D. O. K. K. The Cleveland, Lorain & Wheeling will run a special train leaving Bridgeport at 7:30 city time, and return after the festivities. A rate of forty cents for the round trip has been secured.

## MARTIN'S FERRY BRIEFS.

Martin's Ferry Republicans are feeling all right. They are proud of the Republican vote in Martin's Ferry and have reason to be. Had the Republicans done as well throughout Ohio, the majority would have been enormous. And Belmont county is all right.

This afternoon between the hours of 3 and 5 o'clock, a reception will be given at the home of Mrs. C. H. Carpenter, to Miss Hess, state secretary of the King's Daughters, and in the evening at 7:30 Miss Hess will give a talk in the U. P. church.

Two Martin's Ferry men spent all of yesterday hunting minnows on Glenn's run, and could not find a single one. They found a little water which probably arrived since the recent rains.

This evening and to-morrow evening a supper and social will be given at Scheele's hall by the ladies of the German Lutheran church. Supper will be served from 5 to 10 o'clock.

James Jones was taken to the North Wheeling hospital yesterday, where he will undergo an operation for appendicitis.

Two old citizens of Jefferson county died yesterday, Thomas Ewing and Mrs. Charlotte Welsh, both of Warrenton.

Miss Henrietta Devine will return to Pittsburgh to-day, after a three weeks visit with the Misses Sheets.

John Boehm will build the foundation for the new building to be erected by the Crystal Glass Company.

Miss Jennie Quinn, of Mingo Junction, arrived last night to visit Martin's Ferry relatives.

The machine shop of L. Spence & Son has been leased to W. H. Hobbs until spring.

John Beck has been granted a pension dating from his discharge in 1865.

A number of Martin's Ferry Republicans bet money on Hanna.

Mrs. Duncan, of Bellaire, visited Mrs. Lucy Grayson yesterday.

Big Wolf has moved from Wheeling to Martin's Ferry.

## TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

YOU can't cure consumption but you can avoid it and cure every other form of throat or lung trouble by the use of One Minute Cough Cure, Charles H. Goetz, Market and Twelfth streets; Chatham Sinclair, Forty-sixth and Jacob streets; A. E. Scheele, No. 607 Main street; Exley Bros, Penn and Zane streets; Dowle & Co, Bridgeport.

## BENWOOD.

News Items from the Lively Industrial Town.

Union district board of education met Wednesday night, and decided to authorize Caldwell & Caldwell to push the claims of the district for its just appropriation of the Baltimore & Ohio railroad tax. In accordance with this exception the board was filed yesterday to the county court's ruling, and bonds will be given Saturday for the conduct of the suit before the circuit court. As it is claimed Union district has suffered a loss of \$700 annually from this source, and this state of affairs has dragged through several years, the aggregate will amount to considerable.

## THE M'MECHEEN HOLD-UP.

Frank Davis and John Snyder, two of the hobos suspected of shooting J. Mager Kincaid, at McMechen, in the "hold-up," noted in yesterday's Intelligencer, will have a hearing before Squire Lacey to-day. The other two men were released yesterday morning and there isn't much evidence to connect Davis and Snyder with the shooting. Kincaid's wounds give him a little pain, but he is able to be about.

## BENWOOD BRIEFS.

The Sherrard post of the G. A. R., will produce the military drama, "Lights and Shadows of the Great Rebellion," at the old Methodist Episcopal church here, Saturday evening, the proceeds to be for the benefit of the M. E. church. A large crowd of people from out in the country will attend the entertainment.

The verdict returned of involuntary manslaughter against Fred Staacke, is largely regretted here. He has always borne a good reputation, and is an honest, thrifty employee of the Wheeling steel works. The Boggs' run affair was indeed an unfortunate affair for all concerned.

A number of men and boys may be found every day, picking out the metal from the material dumped along the river front to back up the Ohio River tracks. The stuff was hauled from the Top mill, and is just the thing for the purpose.

The electric lights were off Wednesday night for awhile, owing to the wires getting caught in a tree.

William Murray, of Littleton, is the guest of North Benwood friends.

## BELLAIRE.

All Sorts of Local News and Gossip From the Glass City.

C. C. Marsh, of Sistersville, W. Va., was in the city yesterday on his way home from South Carolina, where he took his wife for her health. He says Mrs. Porterfield is improving.

The Gravel Hill Reading Club was pleasantly entertained last evening at the home of Prof. H. G. Williams, in the Fifth ward.

Davis & Archer's stable in the Fourth ward, was on fire yesterday afternoon, but was extinguished before any damage was done.

Mrs. Julia Long, of Shadyside, who has been seriously ill for some days past, was reported a little better yesterday.

Miss Bertha Fleming, of Mannington, W. Va., is the guest of friends and relatives in the Second ward.

Charles Satterfield has returned to his home, after a hunting trip in West Virginia for two weeks past.

Miss Alice Kunkel, of Hartford, W. Va., is the guest of friends and relatives in the Second ward.

Miss Blanche Parker, of Massillon, O., is the guest of Mrs. Harry Thomas, in the Fourth ward.

The street commissioner had a force of men at work yesterday, cleaning up Union street.

Miss Margaret Warrick, of Alton, Ill., is visiting friends and relatives in the Fourth ward.

The football team, of this city, will play the Linsly team, of Wheeling, next Saturday.

C. N. Morris, of Dorsey, O., is the guest of friends and relatives in this city.

## CATABRACH OF THE STOMACH.

A Pleasant, Simple, but Safe and Effective Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart
